

ProHub for Employers

How is ProHub different from other Job Board sites?

We have developed the most comprehensive talent database system to date. ProHub was developed for any organization looking for a time and cost-saver to hiring!

Post positions for any type of work class, full-time, on-demand, contract for hire, or even freelance projects.

Try our 30-day Free promo code – TALENT and see what candidates match our job opening!

ProHub's value: We recognize that employers must deal with people at many different stages. That's why we developed our platform for you to search for talent, onboard the applicant, and track their compliance as a new staff member. Our compliance plans fit industry-specific requirements and allow custom compliance development for your staff or vendors.

Post a Position

✓ **Unlimited job postings.** Post a position or even a project with an offer for freelancers to apply. Plus, offer hiring and referral bonuses to our ProHub recruiters looking for the talent you need.

Search for an applicant

✓ **Search our talent database for qualified applicants by occupation, work type, or search area.**

Screen a candidate

✓ **Once you find a candidate you like just “connect” with them. Now, you can review their detailed profile, credentials, documents, and training.**

Onboard new staff

✓ **You may load your own verifications or ProHub offers low-cost screening and verification products.**

Annual training

✓ **ProHub has a proprietary system that allows customized policy review and training that can be developed by your organization and verified by us.**

Vendor approval

✓ **ProHub can also screen your vendors and their staff for compliance to industry-specific requirements and credentials.**
